

I remember watching a movie a few years ago entitled Field of Dreams. If you have seen this movie you will remember the phrase that was repeated over and over “*Build it and they will come.*” I am excited about the plans for our youth facilities on the fourth floor. (replacing the carpet, installing new drop ceilings, painting, refinishing walls). I feel that by doing these upgrades it will give our youth something to be excited about. Also it will be a place they can bring friends, and be proud of.

I think about our family’s vacation in the summer of 2009 and the condo we stayed in. It was very nice and had everything we needed - a pool, washer and dryer, plenty of room, high speed internet, and last but not least a coffee pot! After our stay I remember telling my wife this is a place I could come back to. That’s how we would like young people to feel as they leave our youth facilities here at the First Baptist Church of Saks. That they have a nice place to come to, know that God can meet any need they may have, and also look forward to coming back.

I can’t wait to get started. I will be setting up a work day for those that are able to help with things such as painting, sawing, installing the ceiling, etc. We are off to a great start, already in just one week you gave right at five hundred dollars. Thank you so much! Your help is greatly appreciated .

Bro. Jeremy
