

I would like to thank everyone that supported the youth with their spaghetti luncheon. I hope your meal was great as well as the service the youth offered to you and your family. I felt it was a day of great success, fellowship, and excitement! (Including the fire drill, thanks to my two year old daughter).

I would like to also thank three very important people that made everything come together, and also devoted their Saturday off to prepare and decorate. Allen and Myra Ray and Sabrina Jones. We are very blessed to have people like you that will go above and beyond to make things happen. I could never thank you enough. I would like to also thank those that helped the youth serve and clean up afterwards. I hope you all know how much I appreciate you, and how much easier you make my job. I love you all, and once again, **THANK YOU!!!!!!**

Bro. Jeremy
